Professional Summary

Motivated and detail-oriented Frontend Developer with 1+ year of experience building responsive and user-friendly web applications. Skilled in React.js (Redux, Axios, Hooks) and API integration with RESTful services. Strong foundation in HTML, CSS, JavaScript, and modern UI frameworks (Bootstrap, Tailwind). Proven problem-solving skills from prior IT Support role. Currently pursuing a BSc in Information Systems at New Cairo University, expected graduation 2026.

Technical Skills

- Frontend: HTML5, CSS3, JavaScript (ES6+), React.js (Redux, Axios, Hooks, Router), Bootstrap, Tailwind CSS

- API Integration: RESTful APIs (Fetch, Axios, Authentication, Data Handling)

- Programming: Python (Basics)

- Version Control: Git & GitHub

- Tools: VS Code, Chrome DevTools

- Languages: English (Intermediate), Arabic (Native)

Work Experience

IT Support Specialist

Smart UP Company | Jan 2022 – Apr 2024

- Resolved hardware, software, and network issues for 50+ employees.

- Troubleshot system/application errors and reduced downtime.

- Installed, configured, and maintained IT equipment.

- Documented procedures and created user-friendly guides.

Projects

- **Movie App (React + Axios + API Integration):** Built a responsive movie browsing app that fetches real-time data from a public API (TMDb). Implemented search, filtering, and detailed movie information pages.
  Live Demo: https://fady-movies.netlify.app/

- **Portfolio Website (HTML, CSS, JavaScript, Bootstrap):** Built a personal portfolio showcasing skills and projects with a modern UI design.
  Live Demo: https://fadyportfolio.netlify.app/

- **E-Commerce Web App (React + Redux + Axios) – In Progress:** Developing a responsive online shop with product listing, cart management, and API integration. Demonstrates state management with Redux and real-time data fetching with Axios.
